Stephen Wellington moved the article and Ruth Fogarty seconded it. After much discussion and three indecisive voice votes, Moderator Richard Rutherford called for a ballot vote. The article passed by the slim margin of eight votes, 75-67.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to hire an Administrative Assistant and to raise and appropriate the sum of ten thousand (10,000) dollars for the salary and expenses thereof.

Larry Fournier moved the article be accepted as printed. Leslie Lackie seconded the motion. It was so adopted.

ARTICLE 17. To transact any other business proper to come before said meeting.

William Miller read the following statement.

"Be it resolved that the citizens of Haverhill, assembled at town meeting, hereby re-affirm our enthusiastic support of efforts to locate the parsons and whittemore pulp mill in this locality, conforming to all federal and/or New Hampshire environmental Requirements, hereby renewing the overwhelming vote of confidence given this action at town meeting, 1975. Be it further resolved that the selectmen of the Town of Haverhill be directed by this motion to convey the wishes of the citizens so voting to the New Hampshire Governor's office and the Parsons and Whittemore Company no later than March 15, 1976.

Moderator Richard Rutherford ruled that the motion was out of order. In order to be legally acted upon by town meeting, subjects must be stated in the Warrant.

The meeting was adjourned at 10:10 p.m.

Respectfully submitted,

HELEN M. SMITH
Town Clerk

REPORT OF THE SELECTMEN

TO THE CITIZENS AND TAXPAYERS OF HAVERHILL:

Haverhill, with the rest of our nation, celebrated the Bi-centennial in grand style under the direction of Henry Fogarty's committee and the cooperation of many townspeople. We are grateful for their efforts.

As voted at last Town Meeting, we sought an administrative assistant, and with the help of the N. H. Municipal Association, chose Daniel C. Ayer from the 37 applicants. We have found Dan to be an able and resourceful assistant who has handled many time-consuming chores which we would not have been able to administer, such as the completion of the initial phase of the Mountain Lakes water system. He has also been instrumental in getting federally funded employees to maintain the town building, for office help, and for the road crew.

A fourth precinct was formed, the Mountain Lakes District, which comprises all the area in Haverhill developed by the now defunct Town & Country Homes, Inc. The citizens of that district have made real progress in solving the problems they inherited. The Town has taken over approximately 7.8 miles of roads and will undoubtedly be taking more as existing roads are improved and new homes are built. In 1976, property owners at Mountain Lakes were assessed about 30% of the revenue raised by Town taxes.

The dump at North Haverhill, which served for nearly 30 years, was closed in October to comply with state regulations. After investigation of all possible alternatives by your Selectmen and dump committee, the only reasonable course was to contract with a commercial landfill in Boltonville, Vermont. Reymer Carr, faithful attendant at the dump, kept things under control and enriched the hospital by recycling newspapers before it became fashionable. Thank you, Reymer.

Roland McKean, Road Agent for eight years, is retiring. Roland has been cooperative and conscientious and we feel he has done an outstanding job.

Wayne Fortier resigned as police chief to fulfill his ambition to become a state trooper. We wish him well. The process of choosing a new chief is now in progress.

Klark and Kinder wish to add that the senior member of the board has chosen to retire this year. We shall miss his wisdom and his ability to avert confrontations with his humor.

In 1977, we find changes in Washington and new faces among your town officials. We trust things go well for our country and locally look for your continued understanding and support.

Respectfully submitted,

CLARK B. INGALLS
WINTHROP W. KLARK
RICHARD G. KINDER

AUDITOR'S REPORT

We, the undersigned auditors of the Town of Haverhill, certify that we have examined the accounts of the Selectmen, Tax Collector, Town Clerk, Town Treasurer, Trustee of Trust Funds, Cemetery Treasurer and District Court and find them properly balanced.

Bonds No. 9 and 10 and all coupons were paid and destroyed.

REPORT OF THE ADMINISTRATIVE ASSISTANT

1976

The Administrative Assistant is hired by and accountable to the Board of Selectmen and serves at the pleasure of the Board. The Administrative Assistant is responsible for the establishment of effective working relations with all officials and employees of the Town of Haverhill. The Administrative Assistant represents the Board of Selectmen, when directed to do so by the Board.

Some of the duties and responsibilities of which I am involved are:

Establishing and administering town purchasing procedures.

Coordinating the daily administrative affairs of the office.

Supervising the preparation of agendas for and attending the Selectmen's meetings.

Maintaining minutes and records of the meetings as required by the Board.

Assisting Town officials in the development of the Town Budget.

Administering the financial affairs of the Town and identifying potential problems to the Board.

Preparation and coordination of the Town Report.

Arranging meetings and appointments for the Board of Selectmen.

Acting as Welfare Administrator for the Town.

One of the areas that has taken a great deal of my time and energy is that of Mt. Lakes. I am pleased to report at this time that through the formation of the Mt. Lakes Village District, the take over of the roads by the Town, and the completion of the Central Water System, Mt. Lakes is now on the road to recovery from the problems which have plagued this section of Town over the past few years.

In July the Congress passed the Public Works Employment Act of 1976. The Town made application under this Act for improvements to the Woodsville Water System. Although the project was not funded the Town did pick up valuable knowledge for making further applications in the future. More programs of this type have been promised by the new Administration in Washington, and it is my hope that Haverhill will be first in line to take advantage of these new and exciting programs.

My first six months as Haverhill's first Administrative Assistant have been very busy and challenging but rewarding. I would like to take this opportunity to thank all the people I have worked with over the past few months for the outstanding cooperation and effort that has been extended to myself and the Selectmen in helping us meet the complex problems that have been laid before us. Special thanks goes to Patti Klark and Norma Lavoie for the outstanding jobs they have done in making the Selectmen's Office more efficient and responsive to the town's needs.

One person who will indeed be missed after Town Meeting is Clark B. Ingalls. Clark has done an outstanding job as a Haverhill Selectman over the past nine years. The Town will certainly be hard-pressed to replace his knowledge of Town Government and his willingness to give unselfishly of his time and energy to make Haverhill a better place.

Respectfully submitted,

DANIEL C. AYER

The department is pleased to report that once again that there were no fatalities and few personal injuries sustained in motor vehicle accidents occurring on our highways within the Town of Haverhill this year.

I would like to take this opportunity to thank the townspeople of Haverhill for the cooperation and support they have shown the Police Department, with it we have been able to maintain a high standard of professionalism that was my primary objective when I took over as Chief.

In October James P. Cerami joined the force coming from Lincoln P.D. Jim has proven to be a great asset to the Police Department.

Also, Janet Bagonzi joined us in late December as clerical secretary and has taken the long overdue burden of paperwork off our shoulders.

It has been a rewarding experience to serve this Town and in parting I hope that the long range goals I sought for the department will be realized. It has a degree of effectiveness and excellance that can be maintained with a coordinated effort.

WAYNE FORTIER

REPORT OF DISTRICT FIRE CHIEF
and
TOWN FIREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Fprester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss to forest fires in the United States for the past 20 years.

1976 REPORT OF THE HAVERHILL PLANNING BOARD

The Planning Board meets regularly once a month. These meetings are open to the public. As in past years, much of the meeting time was taken up by subdivision applications. (A subdivision is the division of a parcel of land into two or more lots for sale or building development.)

34 applications were considered during the year. 22 were approved creating 32 additional lots. 5 applications which were modifications of previously approved subdivisions or transactions between abutting owners were also approved. The remaining 12 applications involving 57 potential lots await resolution of deficiencies before final action can be taken or could not be approved as submitted. The majority of the subdivisions approved created only 1 or 2 lots and did not require construction of new roads.

Before a subdivision can be approved or disapproved, the Board is required by law to hold a public hearing. Approval of a subdivision does not mean that Board members believe that it is a desirable one, merely that it meets the requirements of the subdivision regulations. In the past two years, the subdivision regulations were revised to avoid difficulties met or caused by earlier subdivisions. Some delays are still encountered because insufficient information is presented by the applicant.

During the year in addition to legal counsel, a consulting engineer was engaged to determine if roads were built to standards. The Board also received valuable assistance from the USDA Soil Conservation Service and North Country Council.

The Board has been urged to do more to help Haverhill plan for the future. The subdivision regulations are intended to insure reasonable lot layout, safe roads, consideration of soil capability, topography and drainage, but are only one tool in the planning process. The Board hopes to work with interested groups and individuals to learn what Townspeople would like Haverhill to be 10 or 25 years from now.

The Planning Board welcomes suggestions and encourages Townspeople to work with us to plan for orderly growth and land use.

BICENTENNIAL COMMITTEE

December 31, 1976

REPORT FOR 1975-1976

The Haverhill American Revolution Bicentennial Committee wishes to thank all the town officers, community and business organizations and individuals who helped to make the celebrations of the Bicentennial in Haverhill such a great success.

While the events which took place in 1976 are over and part of history, it should be noted that there are several permanent projects of the Bicentennial which will be a reminder in later years.

The Committee received a grant of one thousand dollars from the New Hampshire American Revolution Bicentennial Committee. This grant was used with matching funds of five hundred dollars each, contributed by: the Haverhill Historical Society, and the North Haverhill Improvement Society, to establish a Historical Museum in the Haverhill Library Building, Court Street, Haverhill.

Additional reminders of the Bicentennial are the Haverhill Heritage Trail and the historical marker in memory of Ebenezer MacIntosh.

Town of Haverhill, New Hampshire

Town Report for 1976 from North Country Council, Inc.

The North Country Council assigned a summer intern, Kathleen Hogan, to work on a 12-week Woodsville Improvement Program. The Woodsville Improvement Program is a short term planning effort providing alternatives for revitalizing the central business district of Woodsville. The program emphasized community participation throughout the planning process; proposals were designed for implementation on a local level. The goal of the program was to improve the business district both aesthetically and functionally and thereby reap several benefits: increased business for local merchants, increased tax revenues to the municipality, more positive self-image for the community, and improve the commercial district serving the community. As a result of the program, businesspeople have organized an improvement corporation and begun implementation of proposals. The project was extended for an additional seven weeks thanks to assistance from the Town of Haverhill, Woodsville Improvement Program, and the Massachusetts Audubon Society. Ms. Hogan participated in 18 meetings with local officials in carrying out the program.

The Council, throughout the year, has provided technical assistance to the town in a variety of ways. It played a major part in putting together Haverhill's Public Works Act application aimed at securing a \$400,000 Federal Local Public Works grant to make needed improvements to the water supply system. Council representatives met with local officials on numerous occasions to supply information regarding the town's economic development efforts as well as aiding the planning board. The NCC provides a necessary link between Haverhill, the surrounding towns, and the State and Federal Governments. Through the Council's efforts, the town is assured of keeping on top of situations which may greatly benefit it.

On a regional level, North Country Council, Inc. completed the Overall Economic Development Program, a blueprint for increasing the region's economic potential. The Council assisted several communities in making progress with the development of their Industrial Parks, projects which will also benefit residents of adjacent communities. With the passage of the Local Public Works Act of 1976, the Council provided some form of technical assistance to 25 potential grant applicants. A wood utilization project is investigating how forest products, the region's most important natural resource, can be used more advantageously to the region's benefit. Word was received in late 1976 that the Federal Highway Administration approved the Public Transportation Demonstration project.

On a community planning level, in addition to local technical services, the Council prepared a report entitled "Model Subdivision Regulations" as a guide for local planning board activities was sponsored in the spring; the Council co-sponsored a series of five municipal law lectures in September and October. Both were well attended. "Guidelines for Municipal Tax Mapping" provides communities with information on what to look for when preparing a tax map.

Planning News, the Council's quarterly newsletter, disseminates useful information on community planning, economic development, state legislation, court decisions, and general activities to interested persons in town. A town resident can be placed on the mailing list by contacting the town's NCC representative or the Council office in Franconia, N.H., at 823-8108.

In helping communities with their planning, the Council attends approximately 200 night meetings a year. An information booth and exhibit was held at the North Haverhill Fair.

In 1977, the Council will continue to provide community planning services to member municipalities. The Council will complete work on a Land Use Program and Housing Program in 1977. Efforts to help communities with economic development will continue. The Council's Economic Development Committee will be investigating the impact of the lessening of energy supplies for the North Country and how the Council can assist through the community and regional planning process.

The Council sincerely appreciates and thanks the town for its support and participation. The support and participation of the town has enabled the Council to provide an impressive package of local and regional services.

THE WHITE MOUNTAINS REGION ASSOCIATION

1976 (39th Year)

Your Region Association during the past year has committed much of its energy and time in helping to design an air passenger/freight system for northern New Hampshire, which, given the constraints of available funds, would have the best chance for long term success. The WMRA, together with the N.H. Aeronautics Commission, the N.H. Office of Comprehensive Planning, the New England Regional Commission, the Lebanon Airport Development Corporation, and the N.H. Transportation Authority, revised the program substantially from that which was implemented during the summer of 1975. The major change was a shifting of focus of the air system from Lebanon, N.H. to Boston's Logan International Airport. The reasons for the change were:

1. A questionnaire distributed to businesses, and informal discussions with numerous residents of the region, confirmed a prevailing opinion that people preferred to fly to Boston.
2. To fly directly to Boston would increase reliability, improve service, and create passenger satisfaction. Other changes included the integration of the Berlin Municipal Airport in addition to the Whitefield Regional Airport, and enlistment of travel agents to handle all reservations, ticketing and information. Also a reservations only system was implemented in an effort to minimize "empty flights" which occurred under the initial fixed scheduled system.

In other activities your Association, during the past year, has published three issues of its new magazine, Outlook, copies of which were sent to all businesses in the region. The magazine included articles on skiing, on Burndy's move to northern New Hampshire, on the Volvo Tennis Tournament, on Colebrook's interest in aviation, on Berlin's growth and progress, on the Bicentennial histories of Haverhill, Jackson and Woodstock, on Berlin's Vocational Technical School, on tourism, on the White Mountain National Forest, on the christmas tree industry, on the White Mountains Center for the Arts, on the Lin-Wood Medical Center, on Heritage New Hampshire, and on industrial development in the White Mountains Region.

Also, your Association put together and published 40,000 Where to Stay folders and, in addition, put together the White Mountains section of the state accommodations directory. The Association distributed thousands of its Where to Stay, its White Mountains Map and Guide, its Canoeing and Kayaking folder, and its Fall Foliage brochure to chambers of commerce, to state highway rest areas, and to automobile clubs and travel agents throughout the United States and Canada.

The Association answered 3,539 single inquiries, 241 bulk inquiries, wrote 167 personal letters, sent 51 bulletins of lodging and real estate inquiries, sent 15,178 mimeographed letters, and wrote 14 news releases.

We now have 3 planes stationed at the airport, which explains why the air movements for pleasure have decreased since last year. Air movements for business increased from 99 to 122.

The air strip had a sealer coating this past summer. The shoulders of the strip were cleaned, and all brush and bushes were cut at the ends of the strip.

Agency, Inc.

North Country Home Health Agency provides the following services to the participating towns:

Skilled Nursing Care for: care of the chronically ill; short term care following hospitalization, or acute care in place of hospitalization; visits to newborns and mothers; diet and nutrition teaching; prevention, intervention and control of disease.

Homemaker/Home Health Aide services: maintenance of a patient in his own environment as long as possible through assistance with personal care; ancillary nursing procedures; assistance with meal preparation and light housekeeping.

Physical Therapy services by a Registered Physical Therapist to home-bound patients.

Public Health activities aimed at prevention of disease.

During 1976 these services were provided through:

- 6545 Skilled Nursing Care visits - a 30% increase
- 3285 Home Health Aide Visits
- 2667 hours of Homemaker service - a 25% increase in these two categories
- 31 Physical Therapy visits - an increase from 4 in 1975

Public Health activities included:

- 15 immunization clinics for pre-school children
- 9 well-child clinics providing physical exams for pre-school children of low income families. Follow-ups are made by this office.
- 6 dental screening clinics for pre-school children, with follow-ups and referrals done by this office.
- 4 orthopedic clinics held at Littleton Hospital for all area residents under 18.
- 1 expectant parents course.
- 1 diabetic teaching course in cooperation with other organizations
- 6 "Swine" flu vaccination clinics for all adults in the 15 towns served, as mandated by the State.

This Agency is approved by Medicare and the New Hampshire Department of Public Health as a certified provider of Home Care services. The Board of Directors is composed of volunteer members representing the towns served. It is a non-profit agency and all monies received are returned in direct services to the residents of the 15 towns.

SERVICES RECEIVED BY RESIDENTS OF HAVERHILL:

1423 Skilled Nursing Care visits; 1011 Home Health Aide visits;
659 hours of Homemaker service; 74 Health Promotion/assessment visits.
Residents of Haverhill may attend any of the clinics held in any
location.

WHITE MOUNTAIN COMMUNITY SERVICES, INC.

REPORT

White Mountain Community Services wishes to request \$4171.25 be appropriated at the 1977 Town Meeting. This represents \$1.25 per capita of population based on 1975 State census statistics.

Demands for our services in your schools, hospitals, and for psychiatric emergencies have increased markedly in the area we serve. Hopefully we will be able to continue to provide these vital, and at times, life-saving services.

White Mountain Community Services continues to provide direct services to area hospitals. Reports to us from the medical and hospital staff of the area acknowledge the help this effort on our part has been to them. We are continuing to consult with school personnel and provide follow-up counselling care. We continue to service people directly so as to prevent admissions to the New Hampshire Hospital from your area. In this respect area residents are involved in our day treatment program which provides structured group activities in the local community, as well as out-patient counselling. Both of these services are provided at substantial savings compared to the cost of State Hospital care.

In conclusion, we are grateful to you and your townspeople for their support in the past. We realize no single town among the towns we serve can financially bear the quality and level of mental health services needed and available to all of our citizens through White Mountain Community Services. However, if each town is willing to vote its full share to help defray these costs, then all of our citizens benefit. We need your help and hope you will speak and act in favor of our request.

There were 390 ambulance calls made from June 1, 1975 through May 31, 1976. Following is a break-down of towns where calls were made: Haverhill 89, Newbury 48, Groton 14, Bath 14, Ryegate 18, Bradford 17, Warren 6, Lisbon 6, Piermont 2, Glencliff (NH Home) 19, Peacham 1, Orford 2, Ely 1, McIndoes 3, Dry Runs 18, and Transfer's 132.

Another year has ended, and again, due primarily to the selfless concern of many people, our area has had available the services of a volunteer corps of well-trained licensed ambulance driver-attendants dedicated to alleviating the ills and suffering of their fellow citizens. It is a group of which we can be proud. These people work with no remuneration other than the gratification of a job well done. It is only by the concerned efforts of all our citizens that a service such as this is possible.

HAVERHILL LIBRARY ASSOCIATION REPORT

1976 was a busy year. The Library affiliated with the State-wide Library Development Program. We easily met most of the program standards. The affiliation will have many benefits including access to more services and advice from the State Library. Trustees and the librarian have attended meetings of the District Advisory Council and workshops in "How to set up a vertical file" and "Evaluating old books", and have seen operations at the library in Concord including availability of materials such as large-print and talking books.

Circulation continues to rise. This year 7,858 books were loaned, up almost 400 over 1975. Because of increased operating expenditures, less money is available for book purchases. Fortunately the Bookmobile provides a broad selection. This year we borrowed 2,672 books, a great jump over the 482 of the previous year. In addition 100 books for specific research requests were borrowed from the State Library in Concord, three times as many as the preceeding year. Many books were donated by patrons. Their interest and support is much appreciated.

While the major goals of the building repair program have been met, the library must continue to be prepared for contingencies. Upstairs the Haverhill Historical Society is restoring the west rooms for use as a museum for objects and papers of local historical value.

Membership in the Association was up slightly this year. Special thanks are due to community residents for their very generous help with the sandwich and brownie sale at the Model-A Show in the summer; this was a most successful fundraising effort.

A new project is the paperback exchange; it is providing an inexpensive source of reading material and some income for library needs.

We look forward to expanding services and greater cooperation with the other local and school libraries.

PIKE LIBRARY ASSOCIATION
LIBRARIAN'S REPORT FOR 1976

Our book circulation has increased with a total of 1,714 books and magazines borrowed during the year.

We purchased 142 new books and borrowed 1,338 from the bookmobile.

Extensive repairs have been made. The roof has been shingled and the outside of the building has been painted. The interior has also been painted. Our back room has become, with some remodelling, a very pleasant children's room.

During the later part of the year, we presented three programs of films which we borrowed from the State Library in Concord.

1976 ANNUAL MEETING

PRECINCT OF HAVERHILL CORNER

The 1976 annual meeting of the Precinct of Haverhill Corner was called to order at the Parish House in Haverhill Corner on March 9, 1976, at 7:45 p.m. by Moderator Karl T. Bruckner.

The Moderator announced that under Article 1 of the Warrant, the election of a Moderator for the coming year was in order. Karl Bruckner was the only person nominated for this office, and having a majority of the ballots cast, was declared elected.

Under Article 2, Sue Bruckner was the only person nominated as Clerk, and having a majority of the ballots cast, was declared elected.

Under Article 3, it was moved, seconded and voted that the report of the Treasurer and other agents be accepted as printed in the Town Report.

Under Article 4, Joe Provoncal and Earl Aremburg were nominated for the 3-year term as Precinct Commissioner. Earl Aremburg had a majority of ballots cast and was declared elected.

Under Article 5, Stewart Holden was the only person nominated for Treasurer, and having a majority of the ballots cast, was declared elected.

Under Article 6, James Barber was the only person nominated for auditor, and having a majority of the ballots cast, was declared elected.

The oath of office was administered by the Moderator to all the above persons with the exception of James Barber, who was not present.

Under Article 7, Vern Wiggins spoke in favor of appropriating the sum of \$1,500.00 for the purchase of new equipment for the fire house. It was moved, seconded and voted to take up further discussion on this article under the budget Article 13.

Article 8 to amend the Water Rules and Regulations of the Precinct, Articles 8 and 9 of the March 17, 1971 meeting, and the Special Meeting of October 8, 1971 governing water rates to effect a change in water use rates according to user classes as provided in the Town Report was moved, seconded, and after considerable discussion on the fairness of rates and costs for improving the springs on the hill and need for getting more water from springs to gathering house and repairs, it was unanimously approved. New schedule to become effective April 1, 1976.

Under Article 9 to extend present water line on Route 25 to limits of boundary on Route 25, defeat of the article was imminent, and Louis Pike moved to pass over the article. It was duly seconded and voted. Charles Ford moved to then pass over Articles 10 and 11 on specifications and funding for Article 9. This motion was seconded by Ruth Fogarty and unanimously approved.

Under 12, it was moved, seconded and unanimously voted to authorize the Commissioner to borrow money to provide for current expenses or for emergency until taxes are collected and to give notes for the same.

Under Article 13, it was moved by Earl Aremburg and seconded by Janice Holden to appropriate the sum of \$20,808 for operation of the Precinct, of this sum, \$4,680.00 to be raised by taxes. It was amended by Bill Keyes and seconded by Charles Ford that \$300.00 be taken out of the new fire equipment appropriation for repairs to the front door of the fire house, new storm windows and insulation, and that this should be the first order of priority for the fire department. After considerable discussion on the merits of funding fire fighting equipment verses upkeep for the fire house, the amendment was approved and the budget as amended was unanimously approved.

Under Article 14, there was discussion on the savings to be effected by removing every other street light. Karl Elsner moved and Charles Ford seconded a motion to remove every other street light. The motion was defeated.

William Andrews had on display a map he had drawn of the Precinct water supply lines. Due to his efforts, the Precinct now has a permanent record of the water system. He has also done a scale drawing of the Precinct boundaries and houses as they exist today.

It was moved, seconded and voted that the meeting be adjourned. The Moderator adjourned the meeting at 9:05 p.m.

TO: THE RESIDENTS OF THE PRECINCT OF WOODSVILLE, N.H.

This has been a very good, but busy year for the Woodsville Fire Dept. We had a total of 26 alarms and a very hard but rewarding task of designing a new fire truck. We spent 11 months on the design of the new truck because we knew that it would have to last 20 or 30 years.

I want to thank the residents of the precinct for your support during this past year and hope to receive it in the coming year.

I want to thank the Woodsville Firemen's Auxilary for their support and contributions during the year to improve our station and equipment.

I mostly would like to thank the men of the Woodsville Fire Dept. for their Support and dedication, for without them there would be no fire Dept.

We have a lot of improvements to make this year and a lot of training to do, but as you all know that is a never ending process.

The different types of fires we had during the past year are as follows Structural fires 13, Car fires 1, Bomb Scares 2, Trash fires 7, Gas Spills 1, Forest Fires 2.

THE 1976 COMMUNITY RECREATION REPORT

The Community Recreation Program in Woodsville was begun almost 30 years ago and through support of local business men and the precinct it continues to flourish.

The winter program commenced in January with a Little League basketball league composed of players ages 9-13. Coaches were Victor Roy, Dale Thornton, Robert Bagonzi, Andy Pierson and Philip Davidson. Robert Ward was chief referee. The program was played on Saturday afternoons and ran continuously through April. Of the six teams involved in league play, the following sponsored uniforms: Larty's Oil Co., Woodsville-Wells River Rotary, Cohase Lions Club, American Legion, McAllister's Jewellers and Woodsville Savings Bank. Three games were played every Saturday and playoffs were conducted at the end of the schedule.

The caliber of play improved steadily and basketball skills were developed throughout the season. The recreational needs of the 9-13 year age group were satisfied through an organized league concept.

Saturday afternoon recreation, mainly basketball, was conducted for the older (high school age) groups. Little League baseball commenced in June and teams included Rotary, Larty's, Legion and H.O. Taylors. Coaches included Victor Roy, Arnold Blood, Frank Smith and Wayne Clark. An All-Star team was selected and played in the Lyndonville Boys Tournament. An All-Star game was also played against the Groveton All-Stars. It is anticipated that a T-ball league consisting of a batting tee instead of a pitcher will be incorporated into the program next year, particularly for the younger group.

George McKelvey and John Wardrop were umpires for the program.

Many thanks to the efforts of the coaches and parents for their interest in the program.

Babe Ruth baseball for ages 13-15 was continued with Woodsville being again entered in the Triangle Babe Ruth League. The Woodsville entry had several players selected for the Babe Ruth All Star team which competed in the Babe Ruth Vermont Tournament.

The Recreation Summer Basketball League continued with an independant schedule that included Lebanon, Masacoma, Littleton and White Mountains Regional. The league offered competition against larger schools and towns.

The summer program is a comprehensive one and offered supervised field and track, tag football, badminton, swimming, archery, street hockey, golf, volleyball, softball, Little League and Babe Ruth baseball and summer basketball. The enrollment is about 165; ages 2nd grade through 9th grade.

It is under consideration now to open up the program to first graders. For these younger children there was a story hour and recreation directed specifically to their age group.

Special activities are conducted each week and some of those included were model sailboat racing, Treasure Island, pet shows, an extensive craft project conducted by Sylvia Paton and picnic hikes. A recreation exchange visit was made with Littleton and Groveton. Transportation was furnished by Arthur Clough.

The YR program culminated with the annual swimming meet in which many trophies, ribbons, certificates and swimming cards were given out. The summer counselors were Dorsena Picknell, Denise Chase, Donna Morale, Judy Nichols, Paul Lang, Andy Pierson, George McKelvey and John Wardrop.

CETA funded summer aides, Kathy Langdon, Terry Shute, Kim Hunt and Christine Rice kept the grounds looking good and maintained the swimming pool.

The A.P. Hill Community Swimming Pool witnessed a very successful summer and in particular assisted the Youth Recreation program in implementing perhaps its most successful swimming program yet. It is anticipated that payroll expenses, may be reduced in the future by utilizing more work study personnel. A summary of income and expenses is included. My sincere personal appreciation is extended to the Precinct Commissioners for their help and guidance during the first year of operation for the swimming pool.

We wish to give special acknowledgement to Milton "Sonny" MacDonald, Jr., due to his sustained interest the A.P. Hill Community Swimming Pool has come to fruition.

We are appreciative of the of the donation of the loud speaker system by the Woodsville-Wells River Rotary Club.

Three full time lifeguards were rotated. The lifeguards were Peter Hall, Jamie Graham, John Bagonzi and Darlene Powers. The swimming instructors were Katie Page, Sylvia Paton, Darlene Powers, Robert Bagonzi, Jamie Graham and Sharon Brown head instructor.

The swimming pool is open to the public. There is a daily fee or you may secure a season pass for children, adults or on a family plan. The hours open to the public are 2-5 p.m. and 6-8 p.m. including Saturdays and Sundays.

It should be emphasized that all students outside the precinct of Woodsville are assessed a fee to participate in the Community Recreation Program. This fee is \$40.00 for the entire program. This includes eligibility into Summer YR Program.

Anyone participating only in the Little League Basketball program will be assessed \$5.00. The same fee will apply for Little League Baseball. This is for anyone residing outside the precinct of Woodsville.

My sincere thanks are extended to the many volunteers that unselfishly give of their time to develop the youth of the community. It is your help that often goes unnoticed that we are all grateful for.

Respectfully submitted,

JOHN BAGONZI, Recreation Director

SCHOOL WARRANT
HAVERHILL COOPERATIVE SCHOOL DISTRICT

To the Inhabitants of the Haverhill Cooperative School District qualified to vote in the Haverhill Cooperative District affairs:

You are hereby notified to meet at the James R. Morrill Elementary School Gymnasium, North Haverhill, New Hampshire on the 3rd day of March, 1977, polls to open for the election of District Officers at 10:00 o'clock in the forenoon and to close not earlier than 7:00 o'clock in the afternoon, with action on the remaining articles in this warrant to be taken commencing at 7:30 O'clock in the afternoon.

ARTICLE 1. To choose, by non-partisan ballot, a Moderator for the ensuing year.

ARTICLE 2. To choose, by non-partisan ballot, three members of the School Board, one from the pre-existing Haverhill School District, for a term of three years; one from the pre-existing Woodsville School District, for a term of three years, and one Member-at-Large for a term of three years.

ARTICLE 3. To hear reports of the School Board, Treasurer and the Superintendent of Schools and to pass any vote relating thereto.

ARTICLE 4. To see if the District will authorize the School Board to make application for and to receive in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any other federal, state or private source.

ARTICLE 5. To see if the District will vote to authorize the application of any unanticipated income to expenses.

Article 6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of School District Officials and agents and for the payment of statutory obligations of said District and to authorize the application against said appropriations of such sums as are estimated to be received from the State Foundation Aid and Building Aid Funds together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and appropriation, in accordance with the formula adopted by the Haverhill Cooperative School District; and the School Board further to certify to the Selectmen the amount to be raised by taxation by each of the two pre-existing school districts.

Article 7

To transact any other business that may legally come before said meeting.

*The starred items are required by law to be raised as determined by the proper authorities. The district determines the salaries of the district officers. The Supervisory Union Board decides the legal share of the Superintendent's salary and other Union expenses. The Supervisory Union's share of the Superintendent's salary for 1976-1977 is \$21,800.00 with \$3,000.00 allowed for travel. The retirement board assesses the amount of the teachers' retirement.

**This figure does not include teacher salaries (Item 210) or fixed charges (800 Series) since negotiations between teachers and the district were still in progress at press time.

September 7, 1976

We certify that we have examined the accounts of the Treasurer of the Haverhill Cooperative School District for the year ending June 30, 1976 and find them correct and showing a balance of \$17,674.57.

The Woodsville Elementary School Bonds 196 through 210 and all coupons were paid and destroyed except coupons of November '72, '73, '74, '75 and May '73, '74, '75, '76 #241. This makes eight #241 coupons outstanding and there is a balance of \$148.00 on deposit in the National Shawmut Bank of Boston to pay these coupons when presented.

The Haverhill Cooperative Bonds 21 through 23 (\$5,000.00 Bonds) of 6.20% issue and coupons were paid and destroyed except coupons 46 and 47. There is a balance of \$310.00 on deposit in the National Shawmut Bank of Boston to pay these coupons when presented.

The Haverhill Cooperative School Bonds 11 and 12 (\$5,000.00 Bonds) of the 6.10% issue and coupons were paid and destroyed.

We also certify that we have examined the accounts of the Treasurers of the Haverhill Cooperative School Lunch Programs and have found them to be complete and correct.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my twelfth annual report to the voters of the Haverhill Cooperative School District.

The Haverhill Cooperative Education Association and the Haverhill Cooperative School Board are currently negotiating the final phase of the Master Contract for the district under the provisions of R.S.A 273-A: Public Employees Labor Relations Act. Hopefully, all negotiations will be completed prior to the school district meeting on March 3, 1977.

On November 29, 1975 President Ford signed into law the Education for All Handicapped Children Act, P.L. 94-142. With the passage of this act, the role of the federal government in the education of the handicapped has significantly increased, and the responsibilities of local and state education agencies has been dramatically altered. The law includes provisions designed to ensure that all handicapped children have a free and appropriate public education, to ensure that all rights of handicapped children and their parents are protected, and to assist state and local education agencies in providing this education.

Immediately, several questions come to the forefront as to:

Who is Handicapped?

"Handicapped Children" means those children evaluated by qualified professionals as being mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, orthopedically impaired, or children with specific learning disabilities. However, within each state, there is a statutory limit of twelve percent on the number of handicapped children identified and a two percent limit on specific disabilities.

What is a free appropriate public education?

A free appropriate public education refers to special education and related services which (a) are provided at public expense under public supervision and direction and without charge, (b) meet the standards of the state educational agency, (c) include preschool, elementary school, or secondary school education, and (d) are provided in conformity with an individualized education program.

What is an Individualized Education Plan (IEP)?

The term IEP means a written statement (program) for each handicapped child which includes: (a) statement of present levels of educational performance, (b) statement of annual goals, including short term instructional objectives, (c) statement of specific educational services to be provided, (d) statement regarding extent to which child will be able to participate in regular programs, (e) projected date for

initiation and anticipated duration of such services, and (f) appropriate objective criteria and evaluation procedures for determining, at least on an annual basis, whether instructional objectives are being met.

These are but a few questions that are being posed relative to the new law. It should be obvious to all concerned that with federal intervention in the area of handicapped education we can expect guidelines that will be political rather than educational in nature, and, generally we can expect another bureaucratic monster.

More importantly, we should not forget that public education should concern itself with the entire spectrum of our society from the very gifted to the severely handicapped. At present, we seem to be applying our energies and resources to the handicapped and letting the gifted fend for themselves. A proper balance should, and must be maintained, in order to guarantee that the people who will be providing leadership in our society in the future will have the same educational opportunity as anyone else.

The Haverhill Cooperative School Board, with a view towards lowering energy costs, has insulated both the Haverhill Academy Junior High and the James R. Morrill Elementary School. In addition, the junior high has been completely winterized with the installation of storm windows.

This report would be very incomplete if some of the educational plans of the district were not briefly discussed. One program that is strongly recommended for implementation by your superintendent is the vocational agriculture program at Woodsville High School. The advantages for having this program in this community far outweighs any costs. Secondly, a program for the Gifted and Talented is being discussed and, hopefully, can be initiated and supported with funds from the Haverhill Academy Trustees Fund. Traditionally, a gifted person was perceived as one with an exceptionally high I.Q. who was also motivated to learn. Present definition includes the following:

"Gifted and Talented children are those identified by professionally qualified persons who, by virtue of outstanding abilities, are capable of high performance. These are children who require differentiated educational programs and services beyond those normally provided by the regular school program in order to realize their contribution to self and society."

We are also indebted to the Haverhill Academy Trustees for the disbursement of trust funds to the district. These funds are currently being used at Woodsville High School.

May I take this opportunity to express my appreciation and thanks to the Haverhill Cooperative School Board members, faculty, and voters of the district for their wonderful support and cooperation during the past year.

Respectfully submitted,
Norman H. Mullen
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I herewith submit my seventh annual report to the voters of the Haverhill Cooperative School District.

As has been our custom, the school year was initiated by our Orientation-Workshop held at Lin-Wood High. This year our activity included a couple of subjects that have been very controversial lately in educational circles, namely sessions dealing with sex education and collective negotiations. "Sex Education: Who Should Teach It?" was presented by Mrs. Barberee Van Valey from Warner, N. H. The collective negotiations session consisted of film presentations, giving a variety of viewpoints regarding this very timely subject. The conference was rounded out by the following presentations:

Metric Math - Fernand Prevost
Math Ed. consultant, N. H. State Dept. of
Education

Motivational Techniques, Visual Literacy - Richard Hight
English Instructor, Woodsville High School

Prescriptive Teaching - Mrs. Barbara Rzepski
Prescriptive teacher, North Country
Education Services

Transparency Making, Dry Mounting, and Laminating -
Peter B. Richards, Principal
Corinth-Topsham, Vt. School District

Two years ago (1974 annual report) we submitted a projection that sought to predict enrollments at each grade level throughout the School District. On the whole, the figures have proven accurate. When we compare the projected figures with the actual, there is only one area that might give us some concern. In the original projection the figures indicated that over a period of time our elementary enrollments would decrease, but more so at Woodsville than at the Morrill school. In Woodsville's case, the figures have gone as expected (182 projected - 180 actual, 1976-77), but at the Morrill the same has not been true (198 predicted - 213 actual, 1976-77). In view of the fact that the probability of an increase in population due to land availability being greater in Haverhill than it is in Woodsville, this trend is understandable. There is no immediate problem, but if enrollment at these two schools continues in this direction for a period of time, then new staffing and pupil distribution patterns may need to be developed.

We have finished tabulating our Standardized Achievement tests given in grades 1-8 last spring. I am very happy to report that average scores in all areas have shown a marked increase over a similar study done five years ago. All scores were above the national norm. Our highest areas were Reading and Language Arts. Our arithmetic scores were good, although they were uniformly lower than reading and language, particularly with respect to arithmetic computation. This is an area that will merit some special attention during the next school year.

Although these tests are not the only measure of educational success, they do serve as a strong indication that our teachers are presenting the basic skills very effectively.

Our Supervisory Union Supportive Services team has been expanded to include a prescriptive teacher whose job it is to provide a written educational plan for all children with educational disabilities. At present this position is supported entirely with federal funds, but recent legislation may require that school districts fund this position in the future (re. P.L. 94-142, Superintendent's report).

I wish to thank the School Lunch workers for their continued fine performance and Mrs. Van Anderson, who is now the bookkeeper for all four lunch programs.

My appreciation and thanks to the School Board, the staff and the voters of the Haverhill Cooperative School District for their support.

Respectfully submitted,

HAROLD J. HASKINS
Assistant Superintendent of Schools

As stated in previous reports, the scope of responsibilities expected of educational institutions continues to expand in number and in complexity. This situation is quite understandable as the schools reflect to a great degree the ever-increasing demands of society upon the individual. Needless to say, that if the schools are to continue an attempt to provide the students with the educational experiences necessary for a successful entry and participation in our society today, then we must continue to make the appropriate efforts and sacrifices. Implementation of new and expanded programs and additional teaching materials and personnel may have to be considered if we are really sincere in our philosophy to provide a comprehensive educational program.

However, before the implementation of any new programs, they must be thoroughly studied and evaluated. This process is now presently occurring through a study committee of interested citizens and school officials who have investigated and are advocating the inclusion of a vocational-agricultural program at the high school level. The extensive study conducted clearly indicates high student interest and the need is obviously apparent in today's complex world of agriculture.

Proposals, such as above, merit serious consideration; however, we still feel that the greater concentration should focus on the existing programs with emphasis on continually evaluating, revising and strengthening. There is little doubt that if a student can enter high school with the proper attitude toward learning and then develop with guidance, personal goals and objectives, there is no reason why he or she cannot obtain an education suitable for job or college entry or into other areas of endeavor. All students must come to realize that the prime objective of the school system is to provide the opportunities and direction for learning; that to reach the plateau of achievement and success individual and personal factors such as self-motivation, pride and perseverance play the most significant role.

The student's total educational experience must include his or her participation in the school's extra-curricular and interschoolastic programs. Woodsville High School makes a conscientious effort to provide various athletic and activity programs so as to provide the opportunity for all students to become involved if they so desire. As the record indicates, a large percentage of the students are involved in athletics, dramatics, the band and chorus, winter carnival, class and club organizations. Many of these groups have performed at a high level of achievement at various events...a level that everyone will continue to strive for. For these accomplishments a great deal of credit and many thanks must be given to the coaching staff, directors, class and club advisors as well as to the student membership involved.

There were only two staff changes at Woodsville High School for the 1976-77 school year. These were as follows:

Miss Dianne Lutz replaced Mrs. Joanne Nelson as the girls' physical education instructor and Miss Maxine Deluty succeeded Mrs. Elizabeth Brugger in the area of special education.

In conclusion, I wish to thank the Superintendent of Schools, the Haverhill Cooperative School Board, the faculty of Woodsville High School, the citizens of the Town of Haverhill and the surrounding communities for their continued understanding and support.

HAVERHILL ACADEMY JUNIOR HIGH SCHOOL
PRINCIPAL'S REPORT

January 11, 1977

Haverhill Academy Junior High School opened on September 2, 1975 with an enrollment of 187 (102 seventh graders and 85 eighth graders), with additions throughout the year, the enrollment increasing to 192 by June.

Our teaching staff remained the same except for the following changes--Miss Lundblad replaced Miss Chroniak in French and Miss Brunelle replaced Mr. Salyards in seventh grade English. Because of our added enrollment, another teacher was hired to "fill the gap" in several fields. Mr. Ackerman was employed for this position.

Our secretary, Mrs. Lavoie, decided to run for town office (tax collector) in March. She was elected and we lost her. She had been the school secretary since before the Junior High was established in 1969. She was faithful in her work and was greatly missed by the teachers and the students.

Mrs. Estes replaced Mrs. Lavoie as secretary and is carrying on the fine work.

Open house was observed two nights in October, one for eighth grade parents and one for seventh grade parents. Many parents and friends availed themselves of the opportunity.

Mr. Riach and his "Quiz group" were involved with the Current Events Quiz at WCAX-TV Channel 3.

Lori Irwin was the school Spelling Bee Champion and took part in the Grafton Spelling Bee contest.

We had a number of assemblies during the year with speakers ranging from I. F. Y. E. delegates to others.

Athletic teams as usual competed with area schools in soccer, basketball, baseball and softball.

Our thanks go to Mrs. Cobb and Mrs. Pollock for presenting first-aid courses to the junior high students during the year.

The eighth grade class (advisors Mrs. Krulewitz and Mr. Riach) left money to repair the backstop on the common, to buy a record player, and for shrubbery and flowers in front of the school.

Loyalty Day Awards were presented.

Gifts were presented to Darrell Boutin, Lilla Paradie and to two of the faculty who left us, Mrs. Nelson and Mrs. Goss. Mrs. Nelson is leaving because she is raising a family. Mrs. Goss is moving from the area. We will miss them both because they were dedicated people in their fields.

At our final assembly held on the common on June 11th, the following awards were presented:

JAMES R. MORRILL ELEMENTARY SCHOOL
REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the James R. Morrill Elementary School for the year ending December 31, 1976.

The school enrollment as of the writing of this report is 210. The enrollment by grades is as follows: Kindergarten-38, Grade 1-26, Grade 2-29, Grade 3-29, Grade 4-27, Grade 5-31, Grade 6-30.

There are four new staff members this year. Miss Karolee Haupt, a graduate of Plymouth State College, is teaching Grade 2. Mr. Richard Schulenberg, a graduate of Southern Connecticut State College is in charge of the Special Education Program. Miss Karen Miles, a graduate of Plymouth State College, is teaching Physical Education. Mrs. Karen Patten, a graduate of Plymouth State College, is an aide in the Special Education Program.

The school lunch program, under the direction of Mrs. Mary Allbee, is popular with the pupils. Approximately 150 pupils and teachers are taking the lunch each day.

An Open House was held on Tuesday evening, October 26, 1976. A large number of parents visited the school to meet and talk with the parents.

A testing program was conducted on all levels in the school. Tests given were the Metropolitan Readiness Test in Kindergarten, the complete battery of the Stanford Achievement Test in Grades 1-6 and the Otis-Lennon Mental Ability Test in Grades 3 and 6.

Two awards were presented to sixth graders last June. The James R. Morrill Award was presented to Sylvia Fournier and the Phyllis Page Memorial Achievement Award to Lisa Hall.

Christmas and Spring music programs were presented by the Music Department, and were attended by large audiences.

The old building has been capped with insulation which should keep the building warmer and save fuel.

The Special Education Program involves pupils who are unable to do the work in the regular classroom because of learning disabilities. Several tests are used to pinpoint the learning difficulties of the youngsters. These include reading analysis tests, phonics inventory tests, psycholinguistic tests, achievement and intelligence tests. A full time aide is working in the program with the special education teacher.

A survey of achievement test results completed by the Superintendent's office has shown the James R. Morrill Elementary School to be above the national average in all phases of the school curriculum. I wish to commend the teachers for their efforts in helping the school to achieve this status.

I wish to thank Mr. Mullen, Mr. Haskins, the School Board and all members of the school staff for their constant cooperation throughout the year.

Respectfully submitted,

George C. McKelvey, Principal

WOODSVILLE ELEMENTARY SCHOOL
REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the Woodsville Elementary School for the year ending December 31, 1976.

The school enrollment as of the writing of this report is 184 pupils. The enrollment by grades is as follows: Kindergarten-29, Grade 1-34, Grade 2-20, Grade 3-27, Grade 4-22, Grade 5-26, and Grade 6-26. Grade 1 is split into two sections because of large enrollment.

There are six new staff members this year. Miss Mary Anne Kirby, a graduate of Plymouth State College, is teaching Grade one. Miss Pauline Davis, a graduate of the University of New Hampshire is teaching Grade four. Mr. Thomas Allen, a graduate of Cleveland State College with a M. Ed. from Plymouth State College is teaching Grade five. Mr. Richard Schulenberg, a graduate of Southern Connecticut State is in charge of the Special Education Program. Miss Katherine Zampieri, a graduate of Trinity College in Burlington, Vt. is an aide in the Special Education Program. Miss Karen Miles, a graduate of Plymouth State College, is teaching Physical Education.

The school lunch program is popular with the youngsters. Approximately 120 pupils and teachers are taking the lunch each day. The program is under the direction of Mrs. June Chamberlin.

A testing program was conducted on all levels in the school. Tests given were the Metropolitan Readiness Test in Kindergarten, the complete battery of the Stanford Achievement Test in Grades 1-6, and the Otis-Lennon Mental Ability Test in Grades 3 and 6.

An Open House was held on Tuesday evening, October 19. A large number of parents visited the school to meet and talk with the teachers.

Christmas and Spring Music Programs were presented by the Music Department and were attended by large audiences.

The Special Education Program involves pupils who are unable to do the work in the regular classroom because of learning disabilities. Several tests are used to pinpoint the learning difficulties of these youngsters. These include reading analysis tests, phonics inventory tests, psycholinguistic tests, achievement and intelligence tests. A full time aide is working in this program with the special education teacher.

Clinic paid for with Matching Funds: School District - State

Thirty-five dollars was donated by the Haverhill Memorial VFW Auxiliary to help pay volunteer for transportation. Mrs. E. Cowles took one group of children each day of the Clinic. I want to thank the Auxiliary and Mrs. Cowles for their part in making the Clinic a success.

On October 24, 1975 a pre-school Vision and Hearing Screening Clinic was held at the Woodsville Elementary School. This Clinic was sponsored by the Woodsville Cohase Lions and Lionesses. Mrs. Natalie Smith, R. N., from the Division of Health, was in charge of the Clinic. It was well attended and several defects were found and referred for correction. I appreciate the cooperation from the Cohase Lions and Lionesses with this program.

The Cohase Lions Club also paid for eye examinations and lenses for needy children.

This year we have done our hearing tests with the new Maico Audiometer donated to the school by the Lions Club. I would like to take this opportunity to thank this group for the assistance they give to our school Health Program each year.

Mrs. Stark, dental hygienist with the Bureau of Dental Health, continued the special educational program in Grades IV. Children are examined before and after a tooth brushing program of several weeks duration. Pupils are taught correct brushing and flossing techniques and generally considerable improvement is noted at the follow-up examination.

Three well-child immunization clinics were held in the spring. All necessary immunizations for school entry are offered at these clinics.

Two First Aid (Multi-Media) Courses were given at the High School. Twenty students completed the course. Peter Frazer assisted and Mrs. Doris Kennedy also helped out when Peter was unable to be there.

Several meetings were attended during the year.

Clothing was donated by several people and was greatly appreciated.

I want to thank the parents, Staff, Mr. McKelvey, Dr. Eastman and everyone that helped make the school Health Program a success.

Respectfully submitted,

Muriel LaMott, R. N.

SUPERVISORY UNION #23
REPORT OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent and assistant superintendent.

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during the 1976-1977 school year, will receive a salary of \$24,300.00 made up as follows: \$2,500.00 to be paid by the State Department of Education and \$21,800.00 prorated among the several school districts. The Assistant Superintendent will receive a salary of \$18,450.00 which is made up as follows: \$2,500.00 to be paid by the State Department of Education and \$15,950.00 prorated among the several school districts. Allowance for travel within the union for the Superintendent is \$3,000.00 and for the Assistant Superintendent, \$2,000.00 also prorated as stated above.
